JOB OF THE WEEK

London Underground Track - Level 2

Transport for London offers Level 2-4 apprenticeships across a variety of roles, with salaries from £27,029-£28,380. One example is the London Underground Track Level 2 apprenticeship (2 years), where apprentices support track maintenance and inspections. Applicants must be 18 by 7 September 2026 and have at least two GCSEs at grade 4/C or above.

Sales Degree Apprenticeship 2026

Uxbridge | Starts Sept 2026 | £25,000 | Deadline: 31 March
Learn how an international business operates through rotations in sales and business functions.

The Summer Jobs Programme offers young people aged 16-20 who may be at risk of violence the opportunity to take part in a six-week paid work placement. The programme aims to support participants' wellbeing and mental health while helping them develop employability skills and self-confidence, with guidance from a dedicated youth worker throughout their placement. Planning is now underway for the 2026 programme, which aims to support around 900 young people through placements across more areas of the UK. Since launching in 2024, the programme has already engaged over 800 young people, building on the success of similar initiatives in the United States and continuing to create valuable opportunities for young people

Imperial on Tour 2026 - For Year 12 students and parents/guardians

Imperial College London is bringing its Imperial on Tour events back in March 2026, offering Year 12 students and their parents or guardians the chance to connect with the Imperial community across the UK. These engaging events will include inspiring talks from admissions staff and subject specialists, discussions with current students about university life, interactive Q&A sessions about applications and studying at Imperial, and opportunities to network with a world-leading STEM university. Events will take place in Leicester (23 March, National Space Centre), Cardiff (24 March, Technquest), Warrington (26 March, The Engine Rooms at Birchwood Park), and York (27 March, National STEM Learning Centre). Students interested in STEM subjects are encouraged to explore Imperial on Tour and book their place

London Ambulance Service Apprenticeships

The London Ambulance Service offers apprenticeship opportunities for those interested in a career in emergency healthcare. Pathways include roles such as Non-Emergency Transport Service (NETS), Assistant Ambulance Practitioner (AAP), Emergency Medical Technician (EMT), and Paramedic.

This newsletter is a collation of all the opportunities we have heard about from employers and universities. For more opportunities, please also check the noticeboard, where additional internships, job openings, and scholarship announcements are posted weekly.

And did you know that the celebration of all things careers and futures doesn't stop there as National Careers Week 2026 (#NCW2026) runs from March 2nd-7th, 2026?! With the theme "Own Your Future," the week focuses on empowering individuals to take control of their career journeys through proactive skill-building and exploration.

You can match your favourite subjects to potential future jobs with the "Jobs that use..." collection on BBC Bitesize. You'll find hundreds of job profiles linking to specific school subjects, peer-to-peer advice through short films and information on entry requirements, salaries and pathways into job roles.

Universities are also getting involved in National Careers Week. Here's the information from University of Essex: "You can access our bank of resources to explore Higher Education, employability and career opportunities, as well as book onto an Insight Day, enrol onto an online course, or watch one of our Student Webinars."

The Green Sector is one of the fastest growing industries in the world as more and more companies are aiming to reduce their carbon footprint and increase their sustainability. This session on 10th March at 10am will feature a range roles and professionals who will open up the world of jobs in the green sector.

OPPORTUNITIES

Young Game Designers, do you want to kick start your career in games? This is the place for you. Creating a space for imaginations to thrive, it's a chance for 10-18-year-olds to design, develop and present new game ideas to the world. You'll get a unique platform to showcase your talent as the competition opens up a world of creative opportunities and inspiration. Ever thought about making games when you leave school? The competition can help you start making those dreams a reality. Are you an aspiring designer? Get inspiration by reading about past winning games and testing out our game idea generator. Be in with a chance of receiving a BAFTA Young Game Designers Award and access to once-in-a-lifetime experiences with top game makers and industry professionals.

The Canon Young Champion of the Year Award is about rewarding young people who have campaigned for a good cause around a social or environmental issue. If you're passionate about supporting a local or global issue and are between 9-21 years old (at the point of the entry deadline), then you can submit an entry to this free-to-enter category, sponsored by Canon EMEA. All the information you need is here.

The Stephenson Harwood Scholarships are available for students looking to study law at university in the UK. The scholarships will provide up to five students with £15,000 per year of a three year undergraduate law degree, to cover the costs of university fees and contribute to living expenses. Recipients will also be given a mentor from the firm, invited to insight days and employment workshops, provided with work experience and guaranteed a place at an assessment centre for a training contract.

Catalyst Magazine is a free digital science journal for 14 to 19 year olds. Written by academics, scientists, engineers, and educators to illustrate scientific research and industrial developments from STEM professionals across the country, Catalyst Magazine brings STEM subjects to life, showcasing real world topics, issues, and solutions.

Next Tech Girls help students in Years 10 - 13 to find work experience placements with their network of employers.
