'Learning Together Across the World'

05/11/2026

Dear Parents, Carers, and Colleagues,

I am delighted to announce the launch of Hendon School's first-ever Sustainability Council, an exciting new student-led initiative launching this term. We are looking for passionate, forward-thinking, and creative students from all year groups to spearhead this project and help shape a greener future for our school community.

We are structuring our council around the internationally recognised Eco-Schools Seven Steps framework. Our student representatives will lead the charge in auditing Hendon School's current environmental footprint and implementing practical, impactful green action plans. Our ultimate milestone will be working together to secure our school's very first Eco-Schools Green Flag.

What does the role involve?

Members of the council will hold a genuine voice in our school's operational framework. Key responsibilities include:

- Environmental protection: Investigating energy usage, waste management, and biodiversity across the school grounds.
- Project Leadership: Designing and launching creative eco-initiatives, from expanding our wildlife spaces to optimizing school recycling.
- Peer Representation: Gathering ideas from classmates to ensure every student can contribute to our environmental goals.
- Skill Development: Gaining practical experience in project management, collaborative teamwork, and leadership.

Meeting Schedule & Commitment

- Inaugural Meeting: Thursday 19th November
- Frequency: Fortnightly on Thursdays (Week A)
- Expectations: To ensure continuity, students should be committed to attending these regular fortnightly sessions and participating in council projects.

The Application Process

If your child is eager to drive positive environmental change at Hendon School, we would love to receive their application. There are only 20 spaces available.

1. Access the Form: The application form can be accessed via the link or the QR code at the bottom of this letter.
2. Complete the Tasks: The form includes a few creative, eco-themed challenges designed to let students showcase their imagination and ideas.
3. Submission: Please tell your child that the deadline for the form is **Monday 16th November, 2026**

This is a wonderful opportunity for our students to step up as leaders and leave a lasting, positive legacy at Hendon School. I look forward to reviewing their ideas and welcoming our new council members on the 19th.

Please feel free to reach out if you have any questions regarding the council or the commitments involved.

Kind regards,

Mr Elyas Ramjhon
