'Learning Together Across the World'

Dear Parent/Carer,

Following the cancellation of Wednesday and Thursday's Enrichment Week trips due to the extreme weather conditions, we would like to confirm that Friday's trip to Chessington will go ahead.

Although weather temperature has remained high we have carried out specific risk assessments for the heat to ensure we keep all students safe.

- Students will be travelling in air- conditioned coaches
- Students should wear their Hendon School PE top and shorts or light trousers to keep cool as well as a sun hat.
- Students are advised to wear sun cream when attending school and there are also sun cream dispensers located within the park at Land of dragons, Wild Asia and Rainforests where students will be able to top up.
- Students are advised to bring plenty of food and water for their trip and we will be providing a free school meal for those eligible. There are a number of places for students to refill water bottles at Chessington as well as purchase more water if they wish
- Chessington has a number of shaded areas where we can rest and keep students out of direct sunlight throughout the day

Thank you for your continued understanding and support as we have adapted our plans at short notice. We look forward to ending Enrichment Week on a positive note and providing students with an enjoyable and rewarding experience.

Students should arrive at school at **8.20am** and will be lining at the **back gate**.

Coaches will be leaving Chessington at **4pm** and we have organised a minibus to return at 3pm for the students that have previously requested.

If you have any questions or queries regarding this trip, please contact Miss Downing via the contact email below: downingk@hendonschool.co.uk

Yours Sincerely,

Miss K Downing

Miss K. Downing
Assistant Headteacher
