'Learning Together Across the World'

09 February 2024

Dear Parent/Carer

I am writing to share with you the upcoming enrichment week for all Year 7 students. From **Monday 24th June- Friday 28th June** all Year 7 students will be taking part in an exciting week designed to bring their classroom learning to life. The enrichment week has been thoughtfully designed to provide opportunities to develop life skills, ignite curiosity, foster creativity, and instil a lifelong love for learning in your child.

The week will consist of several different activities that are briefly detailed below. Specific details for each activity will follow shortly.

Activity 1: Kew Gardens Trip led by Science

A day at Kew Gardens with the Science Department is designed to bring the year 7 Science curriculum to life in an 'outdoor classroom'.

Activity 2: London Scavenger Hunt.

Students will be placed in teams and will be accompanied by a member of staff to travel around London in a race to complete the scavenger hunt first.

Activity 3: St Paul's Cathedral Trip led by Math's

Students will travel to central London to explore St. Paul's Cathedral and climb the dome to discover the link between math's and architecture.

Activity 4: English Enrichment Day

Students will take part in a fun filled day of enrichment hosted by the English team at Hendon.

Activity 5: Orienteering

Students will be placed in teams and will learn to navigate an orienteering map in a race to complete all of the check points.

When designing these trips, we have placed a significant importance on ensuring they are affordable for all students. **The total cost for week of activities is £10, which should be made via parent mail by Friday 1st March.**

If you have any questions or queries regarding this trip, please contact Miss Downing via the contact email or phone number.
