'Learning Together Across the World'

09 February 2024

Dear Parent/Carer

I am writing to share with you the upcoming enrichment week for all Year 8 students. From **Monday 24th June- Friday 28th June** all year 8 students will be taking part in an exciting week designed to bring their classroom learning to life. The enrichment week has been thoughtfully designed to provide opportunities to develop life skills, ignite curiosity, foster creativity, and instil a lifelong love for learning in your child.

The week will consist of a number of different activities that are briefly detailed below. Specific details for each activity will follow shortly.

Activity 1: STEM

A 2 day in school STEM workshop which focusses on practical learning to develop the necessary skills in students so they are prepared for the rapidly developing real world. These include problem solving, analytical reasoning and collaboration- all of which students will need to employ in their day to day living.

Activity 2: London Scavenger Hunt.

Students will be placed in teams and will be accompanied by a member of staff to travel around London in a race to complete the scavenger hunt first.

Activity 3: Beach Trip

Students will take a field trip to Brighton to spend the day taking part in several activities at the beach. This trip will be an extended school day and will therefore involve the pupils arriving back at school later than normal school times.

When designing these trips, we have placed a significant importance on ensuring they are affordable for all students. **The cost for week of activities is £20, which should be made via parent mail by Friday 1st March.**

If you have any questions or queries regarding this trip, please contact Miss Downing via the contact email or phone number.
